DELIVERY:

Currently chairs will be available for dispatch from factory (20) working days at time of quotation.

Confirmation of lead times will be advised when official purchase order is received subject to availability of chosen fabric.

Please allow extra time for delivery dependant on your delivery location.

Freight charges apply for locations outside agreed delivery points. Delivery is to receiving dock at street level only & does not cover placement of chairs. Please advise delivery location and level prior to placement of your order & we will quote any additional freight & packing charges applicable.

ADDITIONAL CHARGES - PLACEMENT CHARGES

If delivery is required other than to receiving dock at street level the following additional charges apply.

Placement on ground floor (Metro & CBD) \$2.00 per chair

Placement above ground floor (CBD) \$5.00 per chair

Placement above ground floor (Metro area) \$3.00 per chair

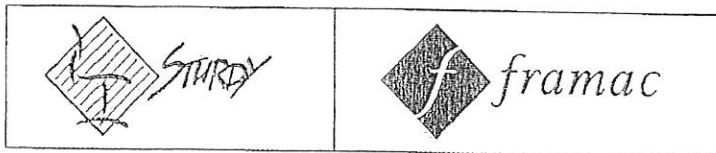

Where clients request Sturdy Framac to delay delivery of an order payment for delayed orders is due 30 days from original delivery date. Sturdy Framac has no storage facilities to store delayed items but can arrange outside warehousing at customers expense.

WARRANTY: Sturdy offers a 7 year warranty, where indicated, on its products under normal use. Upholstery materials are excluded and are subject to original manufacturers warranty. Warranty duration is reduced where multiple shifts or 24-hour day operations apply. Full details of warranty are available on request.

NOTE: Sturdy Framac Chairs are designed for people weighing up to 120Kg. Sturdy Framac accepts no responsibility for use over this weight limit.

Design influenced by Brooks Stevens

3142-24/7 Heavy Duty (250kg)

Model 3142

Dymetrol® Suspension: Bouyant stretch "floating-on-air" suspension cushions the torso with optimal tension. Prevents spine compression; bounces back almost instantly when weight is lifted; no sprints to squeak, rust, break or flatten.

All Steel Frame: Ten-gauge steel maintains original tensile strength and rigidity over years of heavy-duty use.

Adjustable Armrests: No tools required to adjust. You can choose width and height for customized comfort, security and support.

Download PDF for more details on this product.

Ergosit Pressalit Care Toilet Seat

Click for a larger view

Click for a larger view

A wide seat, which offers hand support and is particularly suitable for larger people. The seat's form, offers assistance with bowel movement through a surface that stimulates nerves and thigh muscles. Integral grooves at the rear of the seat also prevent skin adhesion.

- Strong stainless steel hinges with hygienic design profiles.
- Easy to clean high-density Duroplast construction – Scratch and burn resistant, providing added protection against bacterial cross contamination.
- Unique stability buffers that provide increased seat strength by reducing the pressure on the hinges, making the seat safer, particularly during wheelchair transfers and heavy use.
- Certification to a maximum weight capacity of 250kg.
- A 3-year guarantee.

Corujo, Frank

G'day Frankie,

Here are a couple of chairs to inspect for suitability.

I will have prices for you tomorrow.

The Parker is available for a free demo; but, I do not know about the Kingston as this stage. I will find out and get back to you.

Here are the dimensions for the Parker:

Parker Bariatric Chair

Parker bariatric tub chair, contemporary design, robust but lightweight construction featuring "unibody" frame, 200mm additional seat width and load rated to **250kg**. A stylish, elegant and comfortable solution for bariatric applications. Light stain standard.

Custom stains available.

5 Years warranty

Kind regards,
Ralph Doughty
