

# NSW Skills for Net Zero

Are you a tertiary student looking for a paid internship that will have a meaningful impact?  
Your search could be over with NSW Skills for Net Zero.

NSW Skills for Net Zero engages, matches and connects talented tertiary students with paid internship opportunities at workplaces to help NSW achieve net zero.

This initiative is your opportunity to be paid to work on a real-world decarbonisation project. You'll be mentored by industry experts and contribute to the transition to net zero in NSW.

From engineers and scientists to accountants and policy advisors, the path to net zero spans all sectors. Use your qualification to join the growing workforce helping NSW to reach net zero!

**Paid  
internships  
for tertiary  
students**

## Benefits

NSW Skills for Net Zero provides you with practical, paid experience and can help you find your net zero job of the future.

### As a net zero intern you can gain:

access to a minimum of 200 hours work experience

a minimum of \$25 an hour plus super with the security of a formal employment contract

support from our dedicated CSIRO team for the duration of the placement

a mentor/supervisor at a host workplace to provide meaningful support and training

workplace connections that could continue beyond your internship

an opportunity to promote your involvement in a high-profile initiative
