INNOVATIVE SCIENCE
COMPETITION

Ignite your research journey!

What you need to submit to enter our competition!

Page 1

This page is the title page and where you submit your Proposal title, name and date.

Page 2

This page is where you will write your proposal. That is all the space you have so be deliberate with your wording. Please ensure you address all three questions.

Page 3

This page can only be used if you need to provide an image / sketch / schematic to illustrate your idea. The only text allowed there is the image title and a simple legend.

PAGE 1

Proposal Title:

Author:

University:

What is your idea? Why is it innovative? How will you test it?

(Describe your concept briefly. Check it isn't an existing solution. Outline how you will validate your concept. Please ensure that you answer ALL three of these questions.)

Optional Conceptual Illustration

(This is where you can insert an image, provide a title and a simple legend.)
